OKINO COMMERCIAL BLENDER - B300

The Okino B300 commercial blender is a multi-purpose blender that combines power and simplicity to perform even in the busiest restaurant and bars . Equipped with a powerful heavy duty motor and blades, the Okino B300 makes blending fast and efficient . Dual blade selection perfect for everything from smoothie to ice , fruits , meant and nuts .

The speed control is easy too use with a speed dail that lets you control the blending speed suiting your blending needs. The pulse switch provides a burst speed at which the blender spins at the highest speed that lets you blend vegetable or herbs to your desire textures.
