FRUCOSOL SPAIN CUTLERY POLISHERS, 7000 - 8000 CUTLERY/HOUR ~ FRUCOSOL SH7000

For customized pricing on project or volume quantity purchases, please do not hesitate to contact us via whatsapp button below.

DIM : W620 x D650 x H870 mm

FEATURES:

- Automatic cutlery dryer that not only dries but also polishes and removes the lime marks from your cutlery, Stainless Steel and Silver ones, after washing it.
- It is equipped with a UV lamp that sterilizes granulate made of corn that will dry and polish the cutlery. We have also installed a fan motor with a heating element to finish the drying process and avoids some granulate can goes out from the machine.
- Maximum hygiene and security while drying your cutlery. High

quality for your cutlery.
- It is manufactured in Stainless Steel, something that makes it stronger and more reliable when you are working with it.
- Our machines are much quieter due to the great advantage of installing a fan motor at the end of the circuit. This fan motor provides the machine with hot air, so the wet cutlery will be completely dry and it will remove the humidity from the machine.
